

Zander Sod #1 Kentucky Bluegrass

Zander Sod #1 Kentucky Bluegrass is a combination of 3-4 carefully selected dwarf cultivars researched through years of trials. This is a high quality bluegrass grown to suit various locations and is ideal for golf courses, sport fields, commercial and residential landscapes. Our chosen cultivars are blended into Zander Sod #1 Kentucky bluegrass to form a high density, drought tolerant, brilliant deep green turf that can withstand various mowing heights.

Characteristics:

- Drought tolerant
- Tolerates lower mowing heights
- Very dense stand
- Unparalleled colour

Ideal Uses:

- Various possibilities from residential and commercial to golf courses and sport fields

Harvesting Options:

- Available in small or big roll format
- Produced on a native sandy loam growing medium that complements Ontario soils

Zander Sod offers supply or supply and installation options for your project. Regardless of your needs we will deliver a superior product and provide service that is second to none.
