

Low Mow Bluegrass

Zander Sod offers low mow Kentucky Bluegrass which is a blend of 4 varieties of Dwarf Kentucky Bluegrass. We maintain our low mow at just under 1 inch so you can easily lower the sod to your desired height with ease.

Characteristics:

- More drought tolerant than creeping bentgrass
- Tolerates low mowing heights to ½ inch
- Less thatch build up than bentgrasses
- Less maintenance than bentgrass
- Excellent playing surface

Ideal Uses:

- Applications include golf course tees and fairways
- Driving range tees
- High end sports fields

Harvesting Options:

- Available in small or big roll formats
- Produced on a sandy loam growing medium that compliments Ontario soils

Zander Sod offers supply or supply and installation options for your project. Regardless of your needs we will deliver a superior product and provide service that is second to none.
