

Penncross Creeping Bentgrass

"The bentgrass standard since 1955"

Penncross has been the old standby for bentgrass use on golf courses for years. Zander Sod still offers Penncross as we have a lot of demand for it year in and year out. Penncross competes with *Poa annua* on greens, tees and fairways. Penncross has a way of adapting to various growing conditions with fine leaf texture and spreading capabilities.

Characteristics:

- Aggressive growth habit
- Good wear tolerance
- Medium dark green colour
- Extreme heat and cold tolerant
- Good dollar spot resistance
- Strong vigor

Ideal Use:

- Applications include golf course greens, tees and fairways
- Lawn Bowling greens

Harvesting Options:

- Available in small or big roll formats
- Produced on USGA spec sand or native sandy loam growing medium that complements Ontario soils

Zander Sod offers supply or supply and installation options for your project. Regardless of your needs we will deliver a superior product and provide service that is second to none.
